Township Annual Report

Excel Spreadsheet Instructions

I have labeled the file as Annual Report fillable locker

After you have brought up the file I would suggest that you save the file under a different name (example: 2022 Annual Report). This way you will always have a blank copy to start the next year. The new file will be the one you do your work in.

You will note that there are three worksheets tabs listed on the bottom of the screen in addition to this instrucations tab. One is for your receipts, one is for your disbursements and the third is the annual report page. The expenditures and receipts will automatically pull into the annual report page.

List all of your receipts for the year. (This can be done as you do them, or all at once at the end of the year.) Column "N" will total automatically and also add up at the bottom of the page.

List all of your disbursements for the year. (totals the same as receipts)

Annual Report Worksheet

Any "Blue" field may be edited. Add your township name and the fiscal year of your tonwship on each page. You will need to enter your beginning balance for the year (D6). Just remember that you need to use the *same fiscal year all the time*. The County uses January through December.

You will notice that each of the reporting areas will have a total which is pulled in from the expenditure and revenue worksheets which you have completed. Formulas have been put into the worksheet to automatically give you your ending balance.

You will need to put in your checking account balance, IMMA account balance and any CD's on lines 25 through 29. These totals will pull into Line 47. Line 47 "Total Cash at the End of the Year"should match Line 48 "total of your beginning balance plus your revenues minus your expenses". Be sure to indicate any outstanding loan balance.

The forms can then be printed (8 $\frac{1}{2}$ " x 11" for the disbursements and revenues) and signed prior to sending into the Finance Office.

If you have any questions, please give me a call 244-5624.
